CITY COUNCIL HOLD MEETING

A communication was received by the Board of Town Trustees Monday evening, from Conrad Bontz, protesting against the work done in macadamizing Roosevelt avenue. He complained that what has been accepted by the former board was not up to the specifications and that the contractor engaged now upon a continuance of the work is not following the terms of the contract as regards the size of rock laid down and that the top covering is more dust than fine rock, nor is the roadway properly crowned, wet down and rolled.

President Merrill informed Mr. Bontz that the contractor is working under the orders of the board in making the changes, as since the contract was awarded, an examination of the streets of Watsonville had been made by Trustee Hynding, and it was learned then that the change was such as to give a better street than would have resulted if the original specifications were followed. He also showed him that by the change, the residents will have a finished street from the time the contractor's work is completed, instead of waiting for months until the top covering called for would be sufficiently ground down to make a cemented roadway.

Hynding explained to Bontz, the substance of his observations and the conditions of the roads in Watsonville, where the system introduced here has successfully worked.

Mr. Bontz declared that the street superintendent had not inspected the work as he should have done, and the clerk was instructed to order the street superintendent to appear at the next meeting and state his side of the matter.

Arthur Kirkpatrick was appointed pound master, the performance of his duties to commence at once.

Petitions were received from Mrs. Wool, Joseph Golly and David Flynn for a reduction of water bill on account of undiscovered leaks and the reduction was granted to Golly and Flynn but the application of Mrs. Wood was laid over.

Chas. D. Roller complained that the Lover's Lane bridge is in a dangerous condition, and that he had been receiving medical attention on account of injuries received by a plank on the bridge breaking under him. Merrill said that the bridge was on the property of the Southern Pacific right of way, and that company had promised to renew it and macadamize the roadway in its place, and that he will at once communicate with the company to the end that work be commenced as soon as possible. In the meantime the bridge will be closed to traffic.

The sanction of the board was asked by Hynding for a communication requesting N. Brittan to lease to the town for t term of years the quarry abandoned by the Menlo Rock Company. The cost of rock taken from the quarry to be twenty-five cents a load. Request allowed.

What services did Francis J. Heney render the Contra Costa Water Company to receive a fee of $30,000. That is the question that the Examiner has been asking and the people would like to know. As yet, Francis J. Heney has failed to answer and District Attorney Langdon has stated that he knows nothing of Francis J. Heney's private affairs. It seems to us that this is an enormous fee for an attorney to reive without rendering some very effective work. If Francis J. Hney is really sincere in the prosecution of the grafters, which we hope he is, we believe for the public's welfare he should not be backward in telling the public for what service he received the small fortune.

The decisive victory of the regular republican ticket over the Lincoln-Roosevelt League in the state last Tuesday was conclusive evidence that the people do not take any stock in side issues. The so called Lincoln-Roosevelt League, which is composed of disgruntled politicians, disappointed job chasers, demogogues and fanatics, was conceived in darkness and brought forth in secrecy for no other purpose than to disrupt the Republican Party. Its purpose has been seen and the defeat it received last Tuesday will relegate it to a back seat from which it will not return. The principles of the grand old Republican Party are too deeply rooted in the hearts and minds of the people to be alienated by the self styledLincoln-Roosevelt League.

We think the tax payers of San Francisco would rather see Francis J. Heney continue his graft prosecution for which he is paid instead of stumping the state for the Lincoln-Roosevelt League.

A beautiful and simple midsummer wedding occurred at Woodside on the 6th instant, at the home of the J. W. Keystons, when Jane G. Keyston and George H. Arthur were united in marriage by Rev Dr. Pond. The ceremony took place under an oak tree amid a profusion of flowers and beneath a marriage bell The bride on the arm of her father preceded by two ribbon bearers dressed like fairies advanced to her place to the music of the wedding march whistled by her sister-in-law, Mrs. S. BOARD OF TRADE MEETS

The Board of Trade held a lively meeting Tuesday evning. The gathering was called to order by Guy P. Hull, president of the Board, and he briefly outlined the objects of the meeting. Geo. A. Merrill, acting for the Stauffer Chemical Company, explained a proposition to the members whereby the marsh adjoining the town might be converted into factory sites.

Mr. Merrill in introducing the subject, referred to the purchase of what is known as the West Shore Salt Works, and adjoining land in all 2200 acres, by the Stauffers, upon which the company planned to erect a refinery and soda plant. Up to this time, on account of various disappointments and the diversity of interests in which the company was concerned it was impossible to proceed with the project, although it had not been abandoned. During a recent conference had with the owners by Mr. Merrill, a plan was formulated that if carried out would enable the Stauffers to go on with the work of installing their plant and would open up a large portion of the tract for factory sites, which would prove of great benefit to this city. In the undertaking he desired the good will of the business men.

After his preliminary remarks Mr. Merrill proceeded to make known the details of the project which embodied the formation of a corporation capitalized at $125,000 or an equal amount of non-assessable stock, 45,000 shares of which are to be sold and the proceeds devoted to dyking the tract, building the spur track and making such other improvements as are necessary to convert the property into land suitable for manufacturing purposes. The company will then turn over to the corporation 500 acres fronting on Westpoint slough which can be sold for factory sites at a profitable figure. The company also gives the corporation an option on an additional tract of water-front land of 1300 acres to be paid for at a price determined by appraisement, together with a free right of way through its present salt works for a spur track, and will pay one-half the cost of building the track from the town to that point. While Mr.Merrill assured the meeting that he sought only the local endorsement of the undertaking, as he anticipated no difficulty in disposing of the stock, he hoped that enough home capital would be offered to enable the corporation to have its headquarters in this city and its board of directors composed of local residents. Such an arrangement would be acceptable to the Stauffer Company.

E. J. Fowler, a San Francisco manufacturer, heartily endorsed the plan and said he would come to Redwood City if a suitable location could be had.

Guy P. Hull, A. D. Walsh, L. P. Behrens, V. V. Greco and P. P. Chamberlain made forcible speeches in favor of the plan.

A. committee consisting of F. H. Thorpe, L. P. Behrens, Guy P. Hull was appointed to confer with Mr. Merrill to advise and assist in every way.

LA HONDA, August 14.—The 18th birthday of Miss Ida Moore a popular attache of Hotel La Honda was appropriately celebrated Tuesday night at a party given in her honor by Mrs. I. J. Sears. Music for dancing was furnished by Mrs. Sears assisted by Percy St. John, violinist, and Lennie Sears cornetist. From the swing of the Merry Widow waltz to the stately lancers all the dances were thoroughly enjoyed, the music being particularly high-class. Refreshments were served late in the evening. The central piece was the birthday cake of mocha crowned with eighteen pyramids to signify the age of the guest of honor. During the evening there was a prize waltz. This was won by Chester Hackett, of San Mateo and Mrs. Bernard. Second prize went to Mr. Munroe, also of San Mateo and Miss Stock of San Jose. The prize was awarded to Mr. Eustes and Miss Bartlett. The judges included Mrs. Crowe, of Redwood City, Mrs. A. B. Maguire, Mr. Stoch, Mrs. McClure of Palo Alto, and Miss Annie Sears.

Messers Morton and Munroe came over from San Mateo in their auto and are camping here for a week or two. They are very jolly and have many friends visiting them who make the wilkin ring till the "wee sma'" hours of the night; if some of us could find that "welkin" we would be tempted to hide it for a brief time—just long enough to get one night's sleep.
